A SUNDAY SESSION

Both Branches of Congress Compelled to Meet Today.

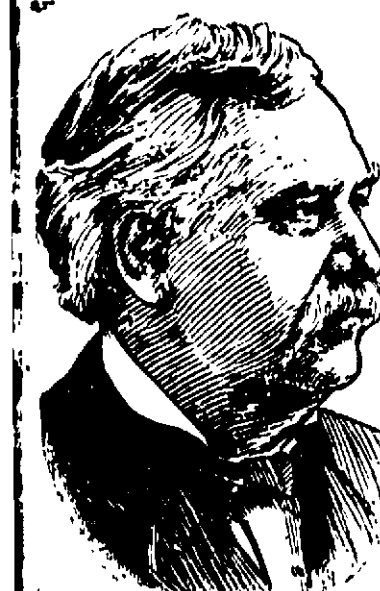

SUNDAY CLOSING ADVOCATES

Caught in the Lurch by the Pressure of Public Business.

SATURDAY WAS A BUSY DAY

The Usual Rush to Dispose of Such Business in Short Time.

Washington, March 2.—Throughout today the busy session of the closing hours of the session, with many measures coming up for consideration, and with crowded galleries looking down upon the busy legislators. Work began at 9 in the afternoon when a recess was taken until 9:30 p. m. to permit of the passage of the bill for the national standardizing bureau, for conferring bronze medals on enlisted men of the navy, and marine corps for distinguished service, to amend the Chinese exclusion laws and what is known as the "omnibus public building bill."

SENATOR HENDERSON.

celebrating appropriations for some forty public buildings. The legislative appropriation bills were also finally disposed of, many conferences advanced to a stage which gave promise that there would be no failure of important legislation.

The hours from 9 to 11 were devoted to "omnibus consent" legislation. A bill to authorize the deposit of money collected from customs and authorized government depositories, and authorizing the appointment of Thomas Lutz Stille as an officer in the navy.

Then Mr. Bailey of Texas objected to action upon all bills by unanimous consent. He was opposed to all sides not to block proceedings, but he refused to yield.

The speaker then recognized Mr. Sperry of Connecticut to move the passage under suspension of the rules of the senate bill prohibiting the sale of firearms, opium, and intoxicating liquors in certain islands of the Pacific.

BAILEY BLOCKS. Bailey demanded a second and made a point of no quorum. A roll of the house was ordered, and the sergeant at arms was instructed to bring in absentees.

It was 10:20 before enough members were brought in to make up a quorum. Mr. Sperry then proceeded to explain the bill designed to prevent the sale of American firearms and intoxicating liquors to the New Hebrides of our new possessions.

Mr. Bailey declared the time behind the pending bill were not entirely wasted in trying to protect the savings from the baneful influence of intoxicating liquors. Why were not the Philippines and Hawaiian Islands included? He understood since the American regime began there over a thousand soldiers had sprung up in Manila. In Hawaii, where soldiers were sent until "unusually assimilated" there are now over four hundred soldiers.

Mr. Bailey contended offenders under the bill could not be punished. The bill was defeated. It was 11:10 when the roll call was completed and the regular hour for the meeting had already passed, the house will not adjourn until the day after tomorrow.

On motion of Mr. Mercer of Nebraska, chairman of the committee on grounds, the omnibus public building bill passed under suspension of the rules.

Mr. Mercer, Cannon, Moody and Melvin were appointed conferees on the sundry civil bill. The final conference report on the legislative appropriation bill was agreed to after Mr. Deamond of Illinois had expressed the opinion that a number of house employees, 357, was excessive.

A bill was passed to authorize the River Improvement, Slide and Boom company of Minnesota to enter upon the Grand Portage Indian reservation to improve the Pigeon river in that state.

Mr. Harbath of Ohio, chairman of the committee on coinage, weights, and measures, reported passage under a suspension of the rules.

DECEMBER NOT MENTIONED

The omnibus public building bill passed by both houses today carried the following increase among others: San Diego, Wis., \$75,000 to \$100,000; Cranston, Iowa, \$50,000 to \$100,000; Preppent, Ill., \$75,000 to \$100,000; Janesville, Wis., \$50,000 to \$75,000; Joliet, Ill., \$100,000 to \$130,000; Champaign, Iowa, \$10,000 to \$25,000; Duquesne, Pa., \$100,000 to \$110,000.

INHAUGURATION CROWDS.

The inauguration crowds filled the house galleries at the eight session and attention was given to routine business and several bills passed.

The senate amendment to the deficiency appropriation bill was disagreed to, and the bill was sent to conference with Messrs. Cannon, Bailey, Livingston conferees.

DECKS ARE CLEAR.

Senate Rids the Calendar of the Last Big Bill.

Washington, March 2.—The last of the big sundry bills of the government, the general deficiency measure, was passed by the senate today, thus clearing the decks for the final adjournment of congress. The indications now are that the senate will do little more than consider the conference reports during the remainder of the session. Under the legislative day of Saturday a recess will be held tomorrow beginning at 3 p. m. In addition to the general deficiency bill, the measure increasing the cost of public buildings in 32 states, known as the omnibus public building bill, was passed. The bill increases the aggregate more than two million dollars. In the course of the day session, Mr. Olney, of Georgia, delivered a prepared speech in favor of the construction by this government of the Nicaraguan canal.

While a session in the senate will be held tomorrow, there will be no legislative day of March 3—Sunday—as a recess, instead of adjournment, will be taken, the whole of the session from 11 o'clock today until noon Monday being under today's date.

The conference report on the legislative, executive and judicial appropriation bill was agreed to.

Mr. Hitt called up the deficiency bill, but Mr. Pettigrew, by demanding that the bill be read in full, thus forced the adoption of his resolution directing the military committee to investigate the charges against Lieutenant Colonel Hotelard. Then the deficiency bill was passed with some amendments, including one offered by Mr. Hunscomb to give employees of congress a month's extra pay.

The sundry civil bill was sent to conference with Messrs. Allison, Hale and Cockrell as conferees.

Senators Champ, Carter and Hale were appointed conferees on the bill amending the act to provide civil government for Alaska.

The house bill providing for a hearing of Chinese persons before the United States commissioners under the Chinese exclusion act was passed.

The omnibus public building bill passed by the house today was taken up on motion

of Mr. Fuhbank and after some discussion was passed.

Mr. Olney, of Georgia, delivered a previously announced speech upon the Nicaraguan canal bill. He earnestly advocated its passage and dwelt particularly upon the advantages that would accrue to the south from the building of the canal.

Mr. Jones, of Arkansas, moved a consideration of his resolution to discharge the committee on judiciary from further consideration of the anti-trust bill, but before action was taken the senate went into executive session. At 5:20 the senate took a recess until 9 o'clock.

THE NIGHT SESSION.

At the night session Senator Chandler called up a resolution honoring offered by himself declaring W. A. Clark, of Montana, had been duly elected to the senate. He charged Gross, with dishonesty and willful violation of the Montana statute requiring that returns should be made of campaign expenditures and that this was a sufficient justification for a senatorial investigation.

Mr. Chandler submitted a statement giving in detail the estimate of the expenditures made by Mr. Clark in his various campaigns, placing the aggregate figure at \$2,039,270.

Mr. Pettus, of Alabama, replied briefly to Mr. Chandler, saying Mr. Chandler's speech was entirely untrue.

Mr. Jones, of Arkansas, presented the credentials of W. A. Clark, which were received and placed on file.

Mr. Jones resumed his motion to take

up for consideration his resolution to discharge the committee on judiciary from further consideration of the anti-trust bill. The motion was lost—24 to 30.

Mr. Pettigrew moved that the senate proceed to the consideration of the bill requiring railroad companies to report accidents on their lines to the interstate commerce commission. The motion prevailed 39 to 21 but at conclusion of consideration of the bill had not been reached when the hour of 10:30 arrived. The senate therefore took a recess until 3 o'clock tomorrow.

ADVANCE GUARD

Of the Inauguration Crowd Has Reached the National Capital.

LORD MINTO OF CANADA

GOVERNOR YATES AND STAFF

Reached the City on Saturday—Souvenir for McKinley.

Washington, D. C., March 2.—The last day but one before that specified when William McKinley, of Ohio, is to be inaugurated for a second time president of the United States, finds Washington in complete readiness for the reception of

thousands of visitors who are traveling to the nation's capital. Today the streets of the city presented a holiday appearance, and were thronged with strangers.

An important announcement was made in the effect that Lord Minto, governor general of Canada, will attend the inauguration exercises Monday. An invitation was extended to Lord Minto by Lord Paunceforte, British ambassador, whose guest the distinguished visitor will be during his stay in the city.

General Ellis Spear, chairman of the inauguration committee on medals and badges, today called at the White House, on behalf of Chairman Edison of the inauguration committee, and presented President McKinley with a commemorative medal of the P. event inauguration medal, similar to that struck for members of the several inaugural committees, being cast in gold, however, instead of bronze. Mr. Spear also presented the chief executive with a handsomely bound copy of the inaugural souvenir, a book containing the pictures of all the presidents of the United States and an account of the inauguration exercises attending the taking of office of each.

YATES ARRIVED.

Late tonight Governor Yates and staff, of Illinois, reached the city. Their train was somewhat delayed.

Governor Dietrich and staff, of Nebraska, also reached here today, as did Governor Nash and staff, of Ohio.

Chamberlain's Cough Remedy is the only thing that has done any good whatever. I have used one bottle of it and the cold, the cough and grip have all left me. I congratulate the manufacturers of an honest medicine." For sale by J. E. King and C. F. Shilling.

Mrs. W. F. Calhoun left yesterday afternoon for Deland, Ill., to visit her daughter.

BOTHA STILL FIGHTING.

Report of His Surrender Was a Fake—Kitchener Silent.

London, March 2.—The war in South Africa has again reached a stage which the British newspaper critics are pleased to call the one of termination. Rumors of the surrender of General Buller and the collapse of all Boer resistance flourish to the great benefit of South African stocks. That those who are most responsible for the carrying on of the war do not share this optimism is perfectly evident from Lord Roberts' official utterances and the conversation of his colleagues, including Lord Roberts. Their carefully prepared campaign of thorough organization, which has been quietly maturing during the past six months is beginning to have its first results and they are perfectly satisfied.

The new concentration of troops referred to as culminated by correspondence from the front is only one of many steps for which Kitchener has so long been preparing. That it will lead to the complete disintegration of the more important Boer units and possibly to the personal surrender of General Buller and De Wet, the British war office currently hopes.

But it does not go so far as to expect it. General Kitchener is almost as reticent towards his chiefs in Pail Mall as to the general public. When he has taken General Buller into his camp the war office expects to hear of it, but not before. As an official and to a representative of the Associated Press grimly: "Armistices are not in Kitchener's line."

The meeting of General Kitchener and Sir Alfred Milner at Pretoria, probably occurring Sunday, is generally taken as likely to result in the establishment of a more permanent form of civil government, which the severities of martial law will be somewhat tempered in several sections of the country.

LONG JOB AHEAD.

But neither in London nor in South Africa are the British officials sharing their eyes to the fact that they have a long job ahead of them, which can only be lightened and by no means solved through victories over the Boer units.

The glory which the British press some time ago showered on General De Wet has departed from him. In despatches and editorials he is now blighted as a disappointed raider, deserted by his own men, venting his fruitless anger by attacking his reluctant handful of followers.

Calmer observers, especially officers who have returned from the front, are inclined to fear the elusive Boer leader is merely under a temporary cloud, from which he may be expected at any moment to emerge, accompanied by a force which, though not formidable in numbers, will be particularly formidable in execution.

The false announcement of Buller's surrender, Thursday, will be a matter for discussion in the house of commons, especially the fact, which accompanied the assertion that it was official. The latest "fake" has given rise to many editorials commenting on deterioration and unreliability of sections of the British press, comparing the latest example with the notorious Pekin massacre report.

MURDERED HIS SWEETHEART.

Base Ball Player Taylor Kills Ruth Not far from Kansas City.

Kansas City, Mo., March 2.—Ruth Nollard, aged 18, was shot and killed on the street this afternoon by Bud Taylor, aged 23, a baseball player, formerly her sweetheart, with whom she quarreled. The girl and her sister were walking along Ninth street, near Broadway, in a crowded business district of the city. Taylor was sitting in a window in a second story room to a lodging house opposite, and fired three shots from a repeating rifle, two taking effect. The police who arrested Taylor had difficulty in getting him through the mob, many members of which clamored for the lynching of the prisoner.

Torpedo Boat Launches.

San Francisco, March 2.—The torpedo boat Probie was successfully launched at the shipbuilding plant of the Union Iron works today. All the woodwork is teak, and the boat is subdivided into about eighty compartments.

Fire in a Hotel.

Lexington, Ky., March 2.—A fire tonight in the Phoenix Hotel block caused a panic among the guests at the hotel, but all got out of the building safely. Magonie's clothing store sustained a loss of \$20,000 and the hotel \$10,000.

A THREE CORNERED BATTLE

Adolph Gartz Named for City Treasurer—Other Nominations.

Chicago, Ill., March 2.—Judge Elbridge Hanecy, of the circuit court of Cook county, was placed in nomination for mayor of Chicago by the republican city convention today. The nomination was not made until the eighth ballot and followed one of the most stubborn contests ever held in a city convention. On that ballot Judge Hanecy received 486 ballots or 15 more than necessary to nominate.

Although there were several other candidates to fight for the nomination it was practically a three cornered fight between the machine republicans, supporting Judge Hanecy, and the machine and independent republicans, supporting John Maynard Harlan and the German republicans, whose candidate was William Boldenewick, former president of the board of drainage commissioners.

The nomination for other offices resulted as follows: City Treasurer—Adolph Gartz. City Clerk—Thomas O'Shaughnessy. City Attorney—Umar Habel.

ASKED FOR THE EXTREME.

America Wanted Chinese Officials to Get the Limit.

Washington, March 2.—In response to a resolution of the senate inquiring as to whether the United States minister to China, joined the representatives of other governments in the demand for the election of Prince Tuan and other Chinese officials and by whose authority, the president tonight sent the following message of reply signed by Secretary Hay:

"It is charged by the foreign ministers in Peking, admitted by government of China that certain high officials of that country have been guilty of heinous crimes, and outrages against American missionaries and other foreigners. This department did not direct our minister in Peking to demand capital punishment for all these persons, but has instructed him to join with his colleagues in demanding the severest punishment which it is in the power of the Chinese government to inflict."

Pekin, March 2.—After having been on trial exactly three weeks, the evidence in the case against Sam Moser for the murder of his wife and three small boys was concluded this afternoon when court adjourned to Monday, at which time arguments will be made and the case will probably go to the jury by night fall.
